

## Words to the songs in Walk Humbly With Thy God

### 1) Baruch El Elyon

Traditional Hebrew lyrics: Praised be God who gives peace to all Israel. Whoever observes the Sabbath with joy is like one who brings a gift to God.

### 2) Many are the Ways

Many are the names by which we know Him  
Many are the ways we can show Him  
How much we care and the way we feel  
Many are the ways!

Many are the ways we can serve Him  
Every single day we can turn to Him  
By the things we do and the words we say  
Many are the ways!

Many are the ways we can love Him  
Many are the ways to bring Him near  
Many are the ways we can think of Him  
And make His kingdom soon appear.

Many are the ways He has blessed us  
Many are the ways He expects us  
To do His will and His word fulfill  
Many are the ways!

Many are the ways we can love Him  
Many are the ways to bring Him near  
Many are the ways we can think of Him  
And make His kingdom soon appear.

### 3) How Do You Acknowledge Him

How do you acknowledge Him  
Do you clap do you dance do you sing  
How do you acknowledge Him  
Lift your spirit, give praise to the King.

Do you spend a little part of everyday  
In gratitude for blessings come your way,  
Did you lend a helping hand to one in need  
What about the one with no food to eat?

How do you acknowledge Him  
Do you clap do you dance do you sing  
How do you acknowledge Him  
Lift your spirit, give praise to the King.

Are you prone to grumble and to snarl  
When things are getting too hard,  
Did you smile at somebody today  
Or have a kind word to say?

How do you acknowledge Him  
Do you clap do you dance do you sing  
How do you acknowledge Him  
Lift your spirit, give praise to the King.

Would I know from looking at you you're alive  
Is there laughter and joy in your eyes  
Are you walking on the path you oughta be  
are you seeing all that you want to see?

How do you acknowledge Him...

### 4) Everywhere

Everywhere I see Him everywhere  
His love's forever there  
If you need Him call His name He'll hear your prayer  
He's everywhere  
More and more I am aware  
That His tender loving care  
Is everywhere.

On the earth below...He's everywhere  
In the heavens above...He's everywhere  
In my heart and my soul...He's everywhere  
He's everywhere.

Everywhere, I see him everywhere  
There's none else to compare  
He's everywhere

### 5) Here Stands Thy Servant

Here stands Thy servant empty and poor  
Calling to You, Lord, aching and sore.  
Here stands Thy servant lacking in deed  
The one You've tried, Lord, the one in need.

Here he stands before Your throne  
Seeking Thy presence, seeking to atone.  
Here he stands humbled and low  
Calling to You, Lord, bless my soul.

Here stands Thy servant heavy with care  
In need of mending, in need of repair.  
Here stands Thy servant with troubled mind  
Lord lift my burden, make my light shine.

### 6) Do I Believe

Do I believe or do I voice mere empty words?  
Do I believe that what I pray is really heard?  
Do I believe or is this just a game I play?  
Am I deluded, is this illusion,  
am I just wasting time away?

Lord, let me know that what I do is not in vain.  
Open my eyes that I may see what I proclaim.  
May I believe, that's all I ask, that's all I need  
To stand up proudly and sing out loudly, "I believe!"

### 7) The Tablets That Moses Bore

My Mama and Daddy did raise us  
to walk in the ways of the Lord  
To love and revere the commandments  
on the tablets that Moses bore.

All through the years I've endeavored  
to walk that path straight and sure  
And live by the truths there engraven  
on the tablets that Moses bore.

How well I remember when Mama  
would tell us the story she loved.  
How Moses went up on the mountain  
to be with the Lord up above.

All through the years...

While dwelling on top of Mount Sinai, what a  
precious gift God did bestow.  
His word writ with fire from heaven,  
carved into tablets of stone.

All through the years...

As Moses came down from the mountain,  
what a wondrous sight to behold  
God's tablets pressed close to his bosom,  
his face so brightly did glow.

All through the years...

How blessed would be all existence,  
oh how my soul would soar  
If I could embrace one brief moment  
the tablets that Moses bore.

All through the years...

### 8) It's a Still Small Voice

I don't hear great thundering from heaven,  
I've not seen the splitting of the sea  
I don't think that what I'm feeling will change world history  
It's just a still small voice that calls to me.

It's the still voice of God that's calling  
Echoing throughout eternity  
Above the noisy clamor I've found serenity  
It's the still small voice that calls to me.

I don't claim some secret mystic vision  
I'm about as simple as can could be  
I just know that deep inside when I'm quiet and I'm free  
There's a still small voice that calls to me.

It's the still voice of God that's calling  
Echoing throughout eternity  
Above the noisy clamor I've found serenity  
It's the still small voice that calls to me.

### 9) All Hail the King of Glory

All hail the king of glory, His wondrous works proclaim  
He's one, there is none other, sing praise unto His name.

As I lift my voice in prayer, I turn to Him, He's always there  
His faithfulness forever, His love beyond compare.

All hail the king of glory, His wondrous works proclaim  
He's one, there is none other, sing praise unto His name.

I may roam and I may ramble to distant places far from home  
But in my heart I fear no evil, He's with me, I'm not alone.

All hail the king of glory, His wondrous works proclaim  
He's one, there is none other, sing praise unto His name.

### 10) Walk Humbly With Thy God

He asks not of me what I can not give  
He asks not that I die but live  
He looks inside and knows what I am made of  
He accepts and He forgives.

Walk humbly with thy God  
Walk humbly with thy God.

In every little act of love and kindness  
There His presence is revealed  
And each true gesture that is made in friendship  
Bear His signature and seal.

He asks not of me what I can not give  
He asks not that I die but live  
He looks inside and knows what I am made of  
He accepts and He forgives.

Walk humbly with thy God  
Walk humbly with thy God.
